Jakech Phalmaceutical Technun Beijing Healtech Pharmaceutical Technology Co. ch Phainaceutical Technology Co., L' deiling Healtech Phainaceutical To Facial Lift 倒勾线 螺旋线

The product is used for soft tissue lifting in multiple areas of the body by burying absorbable wires into the dermis subcutaneous tissue layer and superficial musclo-aponeurotic system (SMAS) layer. It can be used to lift in multiple directions at any angle to effectively tighten sagging skin, as well as stimulate collagen renewal to tighten the skin and improve skin color and texture.
